

PRESS RELEASE      17 July 2009

## **Select Software shortlisted for the Software Satisfaction Awards 2009**

Select Software is delighted to announce that it has been shortlisted with one other company in its HR Software category for the 2009 Software Satisfaction Awards. Being shortlisted for such a prestigious award is solid proof that Select Software is delivering a quality product and first class service. Proof from the people that really count - its customers!

Select Software was shortlisted following a survey of its clients by Sift Media, organisers of the Awards. "In total, we received over 8,100 votes across the 20 award categories this year - making the survey one of the largest individual pieces of business opinion research in the UK, not to mention a fantastic level of response from the software user community", comments Darren Falkingham, Head of Marketing at Sift Media.

"We are thrilled to have been shortlisted for this year's Software Satisfaction Awards and grateful to all our clients who participated in the survey", comments Dee Caporali, Director of Sales & Marketing at Select Software. "It is fantastic to be recognised for all the hard work and dedication of our staff and evidence of the continued success of our HR Solutions".

"We regularly source feedback from our customers to ensure we are providing the level of service they expect and it is an added bonus to receive this recognition and the opportunity to have our service compared with that of our competitors", adds Simon Gibbs, Operations Director at Select Software.

The winners of the 2009 Software Satisfaction Awards will be announced at the Awards Dinner on Thursday 8 October, taking place at the Royal Courts of Justice in London.
